(c) apply for accreditation with the National Commission on Correctional Health Care within one year of commencing operations ~~accredited by the national commission on correctional health care.~~

(2) All certificates, accreditation reports, and related investigations, reports, and plans must be available for public inspection.

(3) The mental disabilities board of visitors, as defined in 53-21-102 (3) is authorized to perform onsite review of the secure residential forensic treatment facility in accordance with the standards for mental health care as determined by the national commission on correctional health care. The mental disabilities board of visitors review teams must receive training on the mental health standards of the national commission on correctional health care prior to conducting the onsite review. ~~The secure residential forensic treatment facility is a mental health facility only for the purposes of oversight by the mental disabilities board of visitors as provided for in 53-21-104.~~

~~(4) Treatment programming and rule development for the facility must be conducted collaboratively with a program development group that includes members with broad-based community expertise on mental health care, including mental health providers, consumers, family members, advocacy organizations, and service area authorities, as defined in 53-21-1001"~~
